

# Silent Noise

There were healthy winter rains and plenty of spring rains that set the vines up very well. There was a later than usual start to harvest with long, slow ripening periods resulting in grapes with great depth of flavour. The intermittent summer rains stopped in mid-January, so disease pressure was low. It was very dry from February to April, with only a few millimetres of rain. Days were mild with a lot of cool nights. Overall it was a great vintage with minimal disease pressure and above average crop levels.

Blackberries and blackcurrant conserve meld with floral notes of peony roses and black fruit pastilles and that is before you even taste it!

The palate of this medium bodied wine sings of sweet dark berry fruits, fragrant green peppercorns freshly grated beetroot and touches of black coffee crema.
