

Silent Noise

A dry winter, followed by a windy spring presented some challenges for the growing season, and made irrigation management the key to getting through the hot and very dry summer that came next. Careful irrigation through spring and summer was required to allow the vines to stay healthy and carry the fruit through to harvest.

Joyous notes of tropical fruits rise up to greet you from the glass. Think pineapple, guava, gold kiwi fruit, strawberries and passionfruit.

There is lovely palate weight and creamy texture that provides a structurally complexing character for these exotic vibrant fresh tropical flavours.

Total Acidity g/L	6.62
Alcohol %	13.0
pH	3.08
Bottling Date	July 2019
Noisemaker	Charlie O'Brien
